- Built a media platform's content identity from the ground up
- Leads and mentors creative teams across content, design and community

6+

YEARS OF CONTENT LEADERSHIP

VEDANTI KOHLI

Content Strategist & Content Lead — Portico WebWorks / Zarnik

PROFILE

Content strategist and storyteller with 6+ years of experience building and leading content functions across hospitality-tech, startups, gaming, ecommerce, and lifestyle. Currently owns content strategy end-to-end for two hotel-tech brands — shaping blog, LinkedIn, and social programs that build category authority and drive direct engagement for hotel owners. Has personally founded and scaled a media brand from zero, and led editorial teams and founder-story programs for startup-ecosystem media platforms.

WORK EXPERIENCE

Content Lead — Portico WebWorks

Dec 2025 - Present

Hospitality-tech company running two brands: Zarnik (procurement platform for hotels) and Portico WebWorks (hotel websites built for direct bookings)

- Own content strategy and voice for 2 brands, translating distinct positioning — simplifying procurement vs. driving direct bookings — into dedicated content pillars.
- Write and edit long-form, SEO-driven blogs and LinkedIn content for hotel owners and hospitality decision-makers.
- Lead the creative team across both brands, owning output quality, publishing cadence, and cross-brand consistency.

Founder — Startup Veda

May 2025 - Present

- Built and run a media platform from the ground up, single-handedly defining content direction and brand identity.
- Lead a creative team spanning content, community, and graphic design.

Head of Content — Karostartup

Oct 2024 - Aug 2025

- Built the brand's content identity from scratch and led overall content strategy, curating founder stories for the startup community.
- Ran client meetings and owned creative direction across all content output.

Content Writer & Project Manager — Shinepixel Digitech

Jul 2021 - Jan 2023

- Built content plans and wrote SEO-optimised blogs while managing client communication and end-to-end project execution.
- Supervised design and content teams to maintain quality standards across deliverables.
